## AWARDS, CERTIFICATES & OTHER WORDS

*Whether you need one name added to a printed diploma (or names added to a hundred diplomas) or a special one-of-a-kind presentation, I can make any award unique.*

### Filling in Printed Awards

It is very helpful, when completing printed certificates in calligraphy, to have at least 10% extra. These can be used in case of errors (both yours & mine).

Although there are several variables, such as paper texture size and color, that can influence pricing, I can provide the following pricing guidelines for filling in your certificate using black ink and one of the calligraphy styles shown on this page:

One Name added: \$3

Additional lines\* added: \$3 - \$5

\*Multiple pieces with the same date may be less

*These prices are for rough estimating only. An accurate estimate can only be given once I know more details about your specific project.*

### Custom designed awards & other words

If you need a unique presentation or have a favorite poem or other words you would like to have handwritten, contact me by phone or e-mail.

I create certificates for retirements, honors awards, & weddings, and I am happy to create Quaker wedding certificates and certificates for commitment ceremonies and civil unions.

### To give you an estimate I need to know:

- Exact text, including important line breaks
- Other elements that must be included, such as signature lines or seals
- Size & Orientation (tall or wide)
- Any other idea you have about the design
- When you need this work *from me*.

I have a minimum fee of \$15 and I add a minimum of \$5 or cost for any postage or shipping

*I am only one person and can only take on as much work as I can personally complete in a given time.*

*Please contact me to confirm my availability to work on your project and current pricing & fees. Prices are subject to change.*
